PETITIONS AND MEMORIALS.

The President Pro Tempore (ad interim) laid before the Senate, and had read, the following petition:

Galveston, September 25, 1901.

To the Honorables, Senators and Representatives of the Legislature of the State of Texas.

GENTLEMEN: We, the undersigned students of the Medical Department of the University of Texas, do respectfully petition your honorable body to reconsider the action taken yesterday in regard to the appropriation for the Medical school. In view of the growth of the school the amount as appropriated (\$35,000) will be insufficient for its maintenance upon the same standard as heretofore; and we ask you, relying upon your liberality and sense of justice, to give the institution the amount asked for by the Regents (\$45,000), or as near that amount as possible, this amount as stated being the lowest estimate of the actual running expenses of the school.

The undersigned represent the students at this date returned to the college,

but are only a small portion of the entire student body, the most of the class not returning until the date of opening on October 1st; but it is the earnest belief of each one of us that the amount asked for by the Regents is only what is absolutely essential for the maintenance of the school upon the existing basis.

Very respectfully,
W. A. Shields, M. R. Sharp, M. H. Wheat, and others.

The petition was referred to the Committee on Finance.

BILLS AND RESOLUTIONS.

Senator Wheeler (by request) offered the following resolution:

Whereas, The twelfth census of the United States shows that there are 392,060 people—reds, whites and blacks—residing in the Indian Territory; and,

Whereas, That vast number of people are all citizens of the United States, and are entitled to the privilege of self-government, as guaranteed by the Constitution of the United States; and,

Whereas, All those people, except about 80,000 Indians, are living without any form of government whatever; and,

Whereas, The judicial system in vogue in said Territory is wholly inadequate for the protection of the rights, person and property of said people; therefore, be it

Resolved, That we, the Senate and House of Representatives of the State of Texas, in Legislature assembled, respectfully ask, urge and request the Senators and Representatives in Congress from Texas to use every means possible and practicable, at the coming session of Congress, to secure the passage of such measures as will relieve the people of the Indian Territory and give to them a stable form of government that will provide roads, schools, and such other institutions as are necessary to develop the resources and protect the agricultural, commercial and moral interest of the inhabitants of that Territory.

The resolution was read first time, and

Senator Savage offered the following amendment:

"Strike out the words 'and House of Representatives.'"

The amendment was read, and adopted.

The resolution as amended was read second time, and adopted.

The President Pro Tempore (ad interim) here declared the morning call concluded.
